

Beach Jersey U95

Product Description

Beach Jersey (Polyester Scrim) 95gsm is a perforated knitted polyester textile with good tear and tensile strength, it offers excellent image show through and is ideal for barrier jacket and fence scrim applications. Suitable for use with Dye Sublimation and UV printing and is B1 fire rated. Available in 2.52 and 3.1 metre wide rolls.

Material Details

CHARACTERISTICS	TEST METHOD	METRIC
Material	DIN ISO 2076	Polyester
Total Weight	DIN EN ISO 2286-2	95gsm
Binding	Knitwear	
Salvage	Loose Selvedge	
Air Permeability	DIN EN 9273	>3000mm/s
Tensile Strength	DIN EN ISO 13934-1	249/260 ² N (approx)
Tear Strength	50/90% ² (approx)	
Flame Resistance	DIN 4102	B1 & M1

Applications

	Exhibition Walls & Roof Linings	Frontlit Outdoor Short Term	Window Blinds	Pasted Wallcovering (One piece)	SEG Frames	Backlit SEG Frames	Barrier Jackets	Fence Dressing	Flags
