

PET Greyback 290

Product Description

PET SuperSmooth Greyback PET (polyester) is a blackout banner 290 micron with excellent lay flat properties and a very good white point. It is ideal for pull-up, roller banner and single sided blackout banner applications. Suitable for Eco-Solvent and UV Printing. Available up to 2.2 metres wide.

Material Details

CHARACTERISTICS	TEST METHOD	METRIC
Support Cloth	Polyethylene Terephthalate (PET)	
Type of Coating	N/A	PVC
Total Weight	DIN 53352/BS 3424	290 micron
Tensile Strength	DIN 53354/BS 3424	N/5cm Warp 1182 / Weft 1173
Tear Strength (Warp/weft)	DIN 53356/BS 3424	N/5cm Warp 34 / Weft 27
HA Weldable (Heat Sealable)	N/A	N/A
Flame Retardant	Non Fire Rated	

Applications

	Frontlit	Blockout	Pop-Up Display	Banner Stands	Scrolling Signs	Column Wraps
