

Artist Heavy C280

Product Description

Artist Heavy is a frontlit / backlit 280gsm, 100% polyester textile combined with a coating to prevent show through when backlighting especially when using UV inks. The heavyweight woven construction and tight weave prevents show-through which makes it ideal for backlit SEG frame systems. Suitable for Solvent, Eco Solvent & UV printing and is B1 fire rated. Available in 3.1 & 5.05 metre wide rolls.

Artist Heavy is also available as an uncoated material (Artist Heavy U250) which is suitable for Dye Sublimation & Latex printing.

Material Details

CHARACTERISTICS	TEST METHOD	METRIC
Support Cloth	DIN ISO 2076	100% Polyester
Type of Coating	N/A	Single side coated
Total Weight	DIN EN ISO 2286-2	280gsm
Binding	Warp Rip Weave (Woven)	
Salvage	Loose Selvedge	
Flame Resistance	DIN EN 4102-1	B1

Applications
